

Alva White

“Alone we can do so little, together we can do so much.” ~ Helen Keller. Greetings fellow members of SCCTM. I am Alva R. White, your current Vice President of Secondary, asking for your continued support for my reelection. Allow me to briefly share who I am and how I would like to continue to be a voice for you. I have served the field of education for 24 years as a classroom teacher, curriculum resource teacher and currently a curriculum consultant all with Richland School District One in Columbia, SC. My professional affiliations include National Council Teachers of Mathematics (NCTM), National Council of Supervisors of Mathematics (NCSM), South Carolina Leaders of Mathematics Education (SCLME), and South Carolina Council of Teachers of Mathematics (SCCTM). My service to these notable organizations include treasurer, president-elect, and president for SCLME; secretary and VP of Secondary for SCCTM, as well as the 2019 Outstanding Contributions to Mathematics Education Award recipient. While in my current term with SCCTM, I have used my voice at the table for secondary educators offering input on how our decisions will impact the secondary level. Additionally, I contributed to spearheading the efforts for the organizations new initiative for the SCCTM Ambassadors Program. This organization has so much to offer. My desire, if reelected, is to ensure this initiative grows to a point where we have reached every county in our state. So, I will once again quote Helen Keller, “alone we can do so little, together we can do much.” I ask your support in reelecting me as your Vice President of Secondary for 2020-2022. I will be honored to have your vote.
